Description Introducing the 125cc BLAZER ATV UTILITY 125D, a dynamic and powerful ATV designed specifically for youth and teenagers seeking adventure and utility in one package. This ATV is powered by a 125cc engine, delivering notable performance that's ideal for off-road escapades. The BLAZER ATV UTILITY 125D boasts a robust and rugged design capable of enduring challenging terrains, making it perfect for exploring trails or accomplishing various tasks. It merges practicality with functionality, featuring racks and storage compartments for carrying essentials or tools with ease. Equipped with an automatic transmission for smooth, hassle-free operation, this ATV also emphasizes safety with headlights, taillights, and an effective braking system, ensuring it's equipped for both recreational rides and utility tasks. The ATV comes with a host of features including an electric start, a PZ26 carburetor, 16x8-7" tires, and front and rear suspension that includes a dual A-arm front and solid axle rear, enhancing its versatility and performance. With an 8.2 horsepower engine, a top speed of 60km/hr, and safety enhancements like a speed governor, the 125cc BLAZER ATV UTILITY 125D is ready to provide youth and teenagers with thrilling and versatile outdoor adventures. Additional features include a trailer ball hitch add-on, front and rear carrier racks, and a seat height of 25" (63cm), all within a compact frame weighing 203lbs (92kg) and measuring 52" x 35" x 35" (132cm x 90cm x 90cm), making it a powerhouse of utility and excitement.

This Gas ATV is shipped 90% assembled, some assembly is required.

This Gas ATV requires but is not limited to:

- Basic understanding of Carburetor function. Example: Choke ON, Choke OFF
- Ability to Perform Oil Change and Check Oil
