Description Introducing the ultimate adventure companion for kids, our mini ATV is designed to deliver maximum fun with top-notch safety features. Powered by a 110cc, single-cylinder, 4-stroke, air-cooled engine, it boasts a respectable 6.8hp, allowing young riders to experience the thrill of up to 40km/hr. The ATV comes equipped with an electric start and an easy-to-use automatic transmission, making it perfect for beginners. Safety is prioritized with a combination of drum and disc brakes for reliable stopping power, a speed governor to control the thrill, front brake, rear foot brake, and a hand shift lever for smooth handling. The durable PZ19 carburetor ensures efficient fuel use, while the sturdy 145/70-6” tires offer stable and comfortable rides. With a seat height of 24" (61cm) and a dry weight of 176lbs (80kg), it's designed to be accessible and manageable for young adventurers. The compact dimensions (48" x 29" x 33") make it easy to store and transport, promising endless fun and adventure for your little ones.

Our commitment extends beyond the sale with warranty and replacement parts support, emphasizing the importance of being able to maintain and repair the bikes we sell, a service many other shops neglect. The 50cc or 110cc Mini Blazer ATV Quad, designed specifically for kids, is now available with significant upgrades. It comes in 110cc engine options, boasting a variety of enhancements such as new color schemes, a plug-and-play remote start/stop module, an improved rear axle design, an EPA-approved motor for cleaner combustion and reduced emissions, and a strengthened steel frame. Additionally, its easy-access foot-controlled rear brake ensures children can stop quickly and safely, making this sporty, rugged, and powerful mini quad the ideal first ride for young adventurers eager to explore the world of motor recreation.

Mini Blazer Parts Book ATV Blazer MANUAL
