Description Introducing the 125CC Utility Premium ATV, a robust and exhilarating off-road vehicle tailored for youth and teenagers seeking adventure. This ATV is powered by a 125cc, four-stroke, single-cylinder, air-cooled engine, producing 8.2 horsepower for outstanding performance. It features a semi-automatic transmission with three speeds forward and one reverse, facilitating smooth and effortless gear shifting. The ATV boasts a seat height of 26 inches (67cm), ensuring a comfortable and ergonomic ride for various rider sizes. It's equipped with 19x7-8-inch front and 18x19.5-8-inch rear tires, offering superior traction and stability across different terrains. Safety is a key priority, with features like a remote kill switch for immediate engine shutdown and front and rear hydraulic disc brakes for responsive stopping power. The rear hitch ball add-on enhances its utility, allowing for easy trailer towing. The upgraded dual A-arm front suspension and solid axle rear suspension further improve stability and handling, making outdoor adventures more thrilling and secure. With a dry weight of 220lbs (100kg) and dimensions of 54" x 37" x 37" (138cm x 93cm x 94cm), the 125CC Utility Premium ATV combines power, performance, and safety, offering young riders a remarkable package for their outdoor escapades.

This Gas ATV is shipped 90% assembled, some assembly is required.
