Description

The perfect gift to keep your little ones smiling and excited with the joy of riding their own ATV in the backyard.

Features:

- **Outdoor Adventure:** Equipped with a 36V battery and 500W motor for great power and range. Real LED stoplights enhance safety and visibility.
- **Enhanced Battery System:** Comes with a hard shell protective battery case for extra safety.
- **Enhanced Child Safety:** Features include a disc brake system, a 3-speed governor with reverse, a safety parental remote start/stop feature, and a safety horn.
- **Durable & Versatile:** The ATV boasts advanced specifications like all-terrain rubber tires and a shock-absorbent suspension package for a smooth ride.

The **Rosso Motors Kids ATV** is the ultimate electric quad for children, inspired by adult ATVs such as the Yamaha Raptor, Polaris Scrambler, or Can-Am Renegade. It is designed to deliver real ATV riding excitement in your own backyard, allowing your kids to look and feel just like mom and dad.

This electric quad is built to last, with safety features that ensure a safe riding experience. Its all-terrain rubber tires, disc brake system, shock-absorbent suspension, and 3-speed governor with reverse all work together to provide maximum stability and control.

Give your child the gift of adventure and the excitement of riding their very own ATV with the Rosso Motors Kids ATV - the perfect way to explore the outdoors, safely and stylishly!
